WORK EXPERIENCE

UX|UI Intern

McDonald's India (North and East) | On-site May 2026 - July 2026

- Developed UI elements based on UX principles for an upcoming redesign of the official McDonald's website.
- Worked with interface hierarchy, navigation while maintaining a consistent visual direction.
- Translated UX requirements into clear interface components for a large, customer-facing brand.

Graphic Design Intern

Jun 2025 - Aug 2025

Aarav Ethnics | Remote

- Developed digital textile motifs and marketing strategies for a major retail brand.
- Refined visuals based on feedback to improve usability and brand consistency.

Freelance Visual Designer

Jun 2025 - Present

- Created brand-consistent digital promotional asset.
- Managed projects from concept to final delivery with design consistency.

PROJECTS

Waste Management Gamification App

Nov 2025 - Present

Designing a gamified mobile app to promote responsible waste segregation. Conducting user research and developing engaging features like rewards and challenges, while creating intuitive user flows and prototypes.

NxtForm - Trend Forecasting

Jan 2025 - May 2025

Researched emerging lifestyle and design trends to forecast future home interiors, focusing on user behavior, materials, and spatial preferences.

EDUCATION

National Institute of Fashion Technology, Patna
